

CitiCABLE 3

Cablecast on channel 3, Torrance CitiCABLE, known as CitiCABLE 3, is a public service provided by the City of Torrance's Office of Cable and Community Relations located in the 15,000 square foot Stanley E. Remelmeyer Telecommunications Center. CitiCABLE 3 has provided quality local programming for the community of Torrance since 1983.

Seen on the Time Warner Cable System, CitiCABLE 3 is available to every subscriber as part of their basic cable television monthly subscription fee. The potential cable television viewing audience is comprised of over 36,000 households in City of Torrance. Programming is cablecast on Channel 3 year-round, 7 days a week, and 24 hours a day. The channel is simulcast on the internet at www.torchnet.com. Council meetings as well as other CitiCABLE shows are archived on-line for viewing on-demand.

CitiCABLE was as a "government access" channel for regular coverage of public meetings; however, Torrance CitiCABLE has become much more to the City and the larger community. Viewers can enjoy local news, entertainment, sports, events, cooking, arts and crafts, information, business profiles, health and safety.

CitiCABLE provides regular coverage of both live and taped public meetings such as the City Council to better enable citizens with busy lifestyles to remain informed about and participate in the democratic process of local decision-making. CitiCABLE also offers an outlet for programming and information neglected by regional broadcast media and provides live and taped emergency information as needed.

The Office of Cable and Community Relations installed a state-of-the-art Master Control Facility in late 2005. This all-digital control room along with the Production Control and various post-production suites and studios allow for the access and distribution of all content throughout the Center.

With this state-of-the-art facility, Torrance CitiCABLE has produced shows that have earned numerous national, regional and local awards including National Association of Telecommunication Officers and Advisors (NATOA) Government Programming Award, Hometown USA Award, Western Access Video Excellence Award, and STAR Award.

CitiCABLE 3 can be reached via email at CitiCABLE@torchnet.com or by contacting the Office of Cable and Community Relations at (310) 618-5762, which is located at 3350 Civic Center Drive, Suite 200 in Torrance.
